Forward-Looking Statements Advisory

The conference call will cover each of Enbridge Inc., Enbridge Income Fund Holdings Inc., Enbridge Energy Partners, L.P. and Spectra Energy Partners, LP's (collectively, the Entities) most recent financial results and may contain forward-looking statements. When used in the call, words such as "anticipate", "expect", "project", and similar expressions are intended to identify such forward-looking statements. Although each of the Entities believes that its respective statements are or will be based on information and assumptions which are current, reasonable and complete, these statements are necessarily subject

to a variety of risks and uncertainties pertaining to operating performance, regulatory parameters, economic conditions, commodity prices and other matters. You can find a discussion of those assumptions, risks and uncertainties in the Canadian securities law and/or American SEC filings for the applicable Entity. While each Entity makes its respective forward-looking statements in good faith, should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary significantly from those expected. Except as may be required by applicable securities laws, no Entity assumes any obligation to publicly update or revise any forward-looking statements made herein, on the call or otherwise, whether as a result of new information, future events or otherwise.

About Enbridge Inc.

Enbridge Inc. is North America's premier energy infrastructure company with strategic business platforms that include an extensive network of crude oil, liquids and natural gas pipelines, regulated natural gas distribution utilities and renewable power generation. The Company safely delivers an average of 2.8 million barrels of crude oil each day through its Mainline and Express Pipeline, and accounts for nearly 68% of U.S.-bound Canadian crude oil production, and moves approximately 20% of all natural gas consumed in the U.S. serving key supply basins and demand markets. The Company's regulated utilities serve approximately 3.5 million retail customers in Ontario, Quebec, New Brunswick and New York State. Enbridge also has a growing involvement in electricity infrastructure with interests in more than 2,500 MW of net renewable generating capacity, and an expanding offshore wind portfolio in Europe. The Company has ranked on the Global 100 Most Sustainable Corporations index for the past eight years; its common shares trade on the Toronto and New York stock exchanges under the symbol ENB.
